Ms. Jeannie Eldracher  
Mountain Parks Foundation  
525 North Big Trees Park Road  
Felton, California 95018

Dear Ms. Eldracher:

My letter today is to recommend Matt Kaser and Associates. As the Executive Director of the Hands On! Regional Museum, I have had the privilege of working with Matt Kaser as a designer for our facilities as well as our interactive exhibits. He has a wonderful grasp of producing exhibit designs that lead to understanding with a specific purpose or educational objective. His designs are wonderfully creative, attractive, and reflect the input generated through collaboration with the owner. I was very impressed with his ability to meet the aggressive timetables we adopted for the completion of the agreed upon assignments. He is a delight to work with, is a multitalented individual, and produces great exhibit designs to communicate stated educational objectives. I highly recommend to you Matt Kaser and Associates. Thank you for considering my comments in your selection process.

Sincerely,

  
Duffie Jones  
Executive Director
